SUBJECT: Resolution 2025-06 Authorizing Anvil Townhomes LLC to Enter Into a Construction Loan Agreement for the Anvil Townhomes Development
MEETING DATE: 6/2/2025
STAFF CONTACT: Anne Chase

Overview:

Over the past year, the Silverton Housing Authority has prioritized and pursued the Anvil Townhomes Development that will create 9 new affordable homeownership units in Silverton. The development strategically aligns with the Town of Silverton's Proposition 123 commitment, the 2021 Silverton and San Juan County Housing Needs Assessment, the 2024 Housing Market Study, the Anvil Mountain Subdivision 2022 conceptual plan, the 2024 Silverton Homeownership Survey, and the 2022 Compass Master Plan.

In April 2024, the Silverton Housing Authority Board selected Tributary Development and Fading West as the project's fee-simple developer and modular home manufacturer, through a competitive Request for Proposals process.

Figure 1: Anvil Townhomes Site Plan

The project is designed to deliver space-efficient, energy-efficient, low-maintenance homes that provide affordable and sustainable homeownership opportunities. The site layout creates a defined entrance to the Anvil Mountain Subdivision and includes community amenities such as sidewalks and landscaping, directly addressing previously community-identified neighborhood needs. The homes will be manufactured by Fading West in Buena Vista, Colorado, enabling faster construction within the region's short building season.

The development will include eight townhomes and one single-family home, with a mix of two- and three-bedroom units. The affordability breakdown includes:

- Three units at 80% Area Median Income (AMI) – Low-Income Housing
- Five units at 100% AMI - Middle Income / Workforce Housing
- One unit at 140% AMI - Middle Income / Workforce Housing in Rural-Resort Communities

This AMI mix aligns with subdivision requirements and local housing demand while minimizing the subsidy needed to maintain affordability by leveraging cross-subsidization from the 140% AMI unit.

Affordability will be protected in perpetuity through recorded covenants that include clear usage and resale restrictions. The Silverton Housing Authority will monitor compliance over time to ensure that the homes continue to serve their intended purpose.

Despite land donation by San Juan County and fee waivers from the Town, the project requires \$1.1 million in subsidies to meet targeted sale prices. To date, the Housing Authority has secured \$616,000 from the Colorado Division of Housing (DOH), contingent upon closing the remaining \$450,000 funding gap. The Authority has applied for a \$450,000 grant from the Colorado Health Foundation (CHF) but has not yet received a final decision. This delay has jeopardized the project timeline and risks forfeiting the DOH award.

If nine units at or below 100% AMI are not built by the end of 2026, the Housing Authority—and any developer within Town limits—will be ineligible to apply for Proposition 123 funding until 2028. This would have serious consequences for SHA projects and all affordable housing development in Silverton.

Additionally, if SHA is unable to match the \$616,000 award from the Department of Housing with \$450,000 in local funds by the end of June, the DOH award must be forfeited. If that occurs, staff sees no viable path forward to continue meaningful progress on the Townhomes or any of our other developments until at least 2028. The timing of closing on the construction loan for the Anvil Townhome Development by the end of June is critical.

Staff has prepared two funding scenarios for the Anvil Townhomes capital stack. Scenario A is the most likely and favorable, due to high confidence that we will be awarded \$450K from the Colorado Health Foundation despite the delay in award notification. Scenario B is a back-up plan that keeps the project on track, with some increases in the sale prices and supplemental funding from San Juan County.

Scenario A

- Awarded a total of \$1,066,000 in gap funding from the Colorado Division of Housing and Colorado Health Foundation to cover the gap of construction costs and targeted affordable sale price sale proceeds.
- Achieves the SHA targeted sale price, which is approximately 20% below the maximum allowable sale price under the 2025 AMI Limits.
- Sale proceeds repay construction loan, grants cover the remaining development costs.

Construction Loan – Resolution 2025-06

During the April 14th meeting, the SHA Board directed staff to draft a resolution to enter into a construction loan agreement with First Southwest Bank.

Of five preliminary term sheets, First Southwest (FSW) had the most competitive rates. FSW is offering financing comprised of a \$1.5 million loan through the AHIF program with a 3.00% interest rate with the balance of the loan priced at Prime + 0.5%. The blended interest rate of the AHIF and bank loan is ~5.84% under Scenario A and ~6.12% under Scenario B. The loan fees are a little higher than other options, but the lower interest rate makes the FSW loan the most competitive. To lock in the AHIF loan rates, the loan must close by the end of June.

As the sole member and manager of Anvil Townhomes LLC, the Silverton Housing Authority must authorize the LLC to enter into the construction loan agreement.

Motion or Direction:

Motion to adopt Resolution 2025-06 A Resolution of the Housing Authority of the Town of Silverton Authorizing Anvil Townhomes LLC to Enter into a Construction Loan Agreement for the Anvil Townhomes Development.

AGENDA MEMO

SUBJECT: Developer Services Agreement – Anvil Townhomes
MEETING DATE: 6/2/2025
STAFF CONTACT: Anne Chase

Overview:

During the June 10, 2024, meeting, the SHA Board awarded the Anvil Townhome RFP to Tributary Development and Fading West. Through a predevelopment agreement, SHA and Tributary Development have been working together to make the Anvil Townhomes shovel ready. Tributary has added critical capacity towards SHA's efforts to develop the Anvil Townhomes including design, site-plan approval, point of contact for Fading West, budget and finance development, and support through the DOH application.

According to our existing predevelopment agreement with Tributary, if the Developer determines the project is financially viable, the Developer and SHA shall negotiate a development agreement, affordability covenants, and other agreements to ensure the financial viability of the project and the project's compliance with the RFP.

Tributary and SHA Staff have identified two options for the Anvil Townhomes development to achieve financial viability; therefore, negotiations of the development agreement have begun. SHA's legal counsel and Staff have reviewed the agreement and seek approval from the Board to enter into the Development Agreement.

Motion or Direction:

Motion to authorize Anvil Townhomes LLC to enter into a Development Services Agreement with Tributary Development LLC.

DEVELOPMENT SERVICES AGREEMENT

This Development Services Agreement (“Agreement”), dated _____, 202_, is between TRIBUTARY DEVELOPMENT LLC, a Colorado limited liability company; (“Developer”) and ANVIL TOWNHOMES LLC, a Colorado limited liability company (“Owner”), together the “Parties”.

The Owner was formed to acquire, finance, construct, and sell a 9-unit single family development located on Lots 15, 16 and 17 in the Anvil Mountain Subdivision in Silverton, CO. The project will consist of two 4-plex townhome units and a detached single-family home with garage (collectively, the “Project”). The Owner has engaged the Developer to manage the development of the Project. The Owner and Developer desire to enter into this Agreement to memorialize the Developer’s scope of services and amend and restate all prior agreements and set forth the rights and responsibilities of the Owner and Developer.

The parties therefore agree as follows:

Section 1. Obligations of the Developer. The Developer shall perform the following functions:

- (a) assist, advise, and consult with the Owner regarding the acquisition of the Project;
- (b) assist, advise, and consult with the Owner on the selection of and provide coordination and supervision of surveyors, architects, engineers, and other consultants to prepare the site plan for the Project and the renderings, drawings, and specifications for construction of the Project’s improvements;
- (c) advise the Owner regarding rules or regulations, city ordinances, including health and fire safety regulations, and any other requirements of law or governmental authorities applicable to the development and construction of the Project;
- (d) obtain all necessary building permits and approvals for the development of the Project;
- (e) consult, advise, and assist in preparing a development and construction budget and pro forma financial projections;
- (f) cooperate and coordinate with construction contractors selected by the Developer in consultation with the Owner;
- (g) assist the Owner in assembling, negotiating, and retaining all contracts, agreements, and other records and data to carry out the development of the Project;
- (h) assist the Owner in communicating with neighborhood groups, local organizations, neighboring property owners, and other parties interested in the design and construction of the Project;

- (i) assist the Owner in identifying sources of construction financing for the Project and negotiate the terms of financing with lenders and grant providers;
- (j) prepare a critical-path schedule, design and construction cost estimates, and financial reports, and make recommendations as to the drawing of funds to cover the cost of developing the Project;
- (k) assist the Owner with any compliance requirements of any financing including grant money;
- (l) assist the Owner in obtaining and maintaining insurance coverage for the Project and the Owner during the development of the Project;
- (m) use commercially reasonable best efforts to coordinate and supervise the development and construction of the Project on a timely basis and within the contemplated budget;
- (n) record the progress on all of the foregoing and submit written progress reports to the Owner;
- (o) assist Owner in the sale of the units as well as any pre-sale marketing efforts; and,
- (p) maintain all off-site office and accounting facilities and equipment necessary to perform all of the foregoing functions.

Section 2. Development Fee.

- (a) The Owner shall pay to the Developer a development fee (“Development Fee”) according to the attached Exhibit A.

Section 3. Termination of Duties and Responsibilities of Developer. The Developer’s obligations under this Agreement will terminate once the Owner receives a final certificate of occupancy for the last building in the Project, completion of all punch-list items and any sale support required by Owner. The Owner shall not terminate this Agreement except for “cause” as finally determined by a court of competent jurisdiction. “Cause” means fraud, dishonesty, reckless disregard for customary practices, and intentional misconduct.

Section 4. Miscellaneous.

- (a) The parties shall not assign their rights and responsibilities under this Agreement without the written consent of the other party, except the Owner may collaterally assign its rights to a lender to facilitate the Project’s financing.
- (b) The laws of the state of Colorado, without giving effect to its principles of conflicts of law, govern all adversarial proceedings brought by the parties arising out of this Agreement, whether their claims sound in contract, tort, or otherwise.

(c) This Agreement constitutes the entire understanding between the parties regarding its subject matter.

(d) Any amendment to this Agreement requires a written agreement of the parties.

(e) The parties acknowledge that if a dispute between the parties arises out of this Agreement or the subject matter of this Agreement, they would want the court to interpret this Agreement as follows: (i) with respect to any provision it holds to be unenforceable, by modifying that provision to the minimum extent necessary to make it enforceable or, if that modification is not permitted by law, by disregarding that provision; (ii) if an unenforceable provision is modified or disregarded, by holding that the rest of the Agreement will remain in effect as written; (iii) by holding that any unenforceable provision will remain as written in any circumstances other than those in which the provision is held to be unenforceable; and (iv) if modifying or disregarding the unenforceable provision would result in failure of an essential purpose of this Agreement, by holding the entire Agreement unenforceable.

(f) No waiver of satisfaction of a condition or non-performance of an obligation under this Agreement will be effective unless it is in writing and signed by the party granting the waiver.

(g) The failure of either party in any one or more instances to insist upon strict performance of any of the terms and provisions of this Agreement, shall not be construed as a waiver of the right to assert any such terms and provisions on any future occasion or of damages caused thereby.

Section 5. Notice. The parties shall give all notices, consents, demands, waivers, or approvals related to this Agreement in writing delivered by (i) personal delivery, (ii) a nationally recognized, next-day courier service, (iii) first-class certified mail, postage prepaid, or (iv) e-mail. A notice is deemed given on the other party's receipt of it, or if mailed, on the earlier of the other party's receipt of it and the fifth business day after its mailing. The parties may change their addresses for notice by notifying the other parties in the manner provided in this Section 5. The parties hereby designate their addresses as follows:

Neither the Developer nor its employees, if any, are entitled to workers' compensation benefits from the Owner for the performance of the services specified in this Agreement. **As an independent contractor, the Developer agrees that:**

- (e) Owner will not provide training or instruction to Developer or any of its employees regarding the performance of Services hereunder; and
- (f) Owner will not pay the Developer personally but rather makes checks payable to the trade or business name of the Developer; and
- (g) Neither Developer, nor its employees or contractors, will receive benefits of any kind from the Owner, and Developer will not receive unemployment insurance benefits unless unemployment compensation coverage is provided by the Developer or some other entity, and that the Developer is obligated to pay federal and state income tax on any moneys paid pursuant to the contract relationship created by this Agreement; and

(h) Developer represents that it is engaged in providing similar services to the general public and not required to work exclusively for the Owner; and

(i) All Services are to be performed solely at the risk of the Developer and Developer shall take all precautions necessary for the proper performance thereof; and

(k) Developer has and hereby retains control of and supervision over the performance of Developer's obligations hereunder and control over any persons employed or contracted by Developer for performing the Services hereunder; and

(l) Developer represents and acknowledges that the Services performed under this Agreement will be done using Developer's own tools, except when the Owner requires use of the Owner's supplies or equipment, and at hours and times as determined by Developer.

Section 8. Assignment of Existing Contracts and Reimbursement. The Developer hereby assigns to the Owner all of its right, title, and interest to all contracts related to the development, design, construction, leasing, and management of the Project entered into by the Developer for the benefit of the Owner. The Owner shall promptly reimburse the Developer for all costs the Developer incurs on behalf of the Owner after the Owner receives invoices or other documentation evidencing the costs incurred.

Section 9. Ownership of Work Product. All documents such as reports, plans, drawings and contract specifications, information, and other materials prepared or furnished by the Developer (or the Developer's independent professional associates, subcontractors, and consultants) and paid for pursuant to this Agreement are instruments of public information and property of the Owner. All internal documents which support the public information such as field data, field notes, laboratory test data, calculations, estimates and other documents prepared by the Developer as instruments of service shall be provided to the Owner. The Owner understands such documents are not intended or represented to be suitable for reuse by the Owner or others for purposes outside the specific scope and conditions of this Agreement. Any reuse without written verification or adaptation by the Developer for the specific purpose intended will be at the Owner's sole risk and without liability or legal exposure to the Developer, or to the Developer's independent professional associates, subcontractors, or consultants.

Section 10. Insurance. The Developer represents, warrants, and agrees that it has and shall maintain State minimum workers' compensation insurance coverage for its employees, if any. The Developer shall also maintain broad form general liability, property damage, and automotive liability insurance in the minimum amount of \$424,000 for bodily injury, death, or damage to property of any person and \$1,195,000 for bodily injury, death, or damage to property of more than one person, or the maximum amount that may be recovered under the Colorado Governmental Immunity Act, § 24-10-101 *et seq.*, C.R.S., as from time to time amended (the "CGIA"), whichever is higher. All insurance policies (except workers' compensation) shall

include the Owner and its employees as additional insureds. No later than seven (7) days after execution of this Agreement, Developer may be required to provide the Owner with certificates of insurance evidencing the types and amounts of insurance specified in this paragraph.

Section 11. Unauthorized Workers. The Developer certifies that the Developer shall comply with the provisions of Section 8-17.5-101 *et seq.*, C.R.S. The Developer shall not knowingly employ or contract with an unauthorized worker to perform work under this Agreement or enter into an agreement with a subcontractor that knowingly employs or contracts with an unauthorized worker. The Developer represents, warrants and agrees that it has confirmed the employment eligibility of all employees who are newly hired for employment to perform work under this Agreement through participation in either the E-Verify Program or the Department Program described in Section 8-17.5-101, C.R.S. The Developer shall not use either the E-Verify Program or the Department Program procedures to undertake pre-employment screening of job applicants while the public contract for services is being performed. If the Developer obtains actual knowledge that a subcontractor performing work under this Agreement knowingly employs or contracts with an unauthorized worker, the Developer shall: (i) notify the subcontractor and the Owner within three (3) days that the Developer has actual knowledge that the subcontractor is employing or contracting with an unauthorized worker; and (ii) terminate the subcontract with the subcontractor if within three (3) days of receiving such notice, the subcontractor does not stop employing or contracting with the unauthorized worker, unless the subcontractor provides information to establish that the subcontractor has not knowingly employed or contracted with an unauthorized worker. The Developer shall comply with all reasonable requests made in the course of an investigation by the Colorado Department of Labor and Employment. If the Developer fails to comply with any requirement of Section 8-17.5-102(2), C.R.S., the Owner may terminate this Agreement for breach, and the Developer shall be liable for actual and consequential damages to the Owner. If the Developer participates in the Department Program, the Developer shall provide the affirmation required under Section 8-17.5-102(5)(c)(II), C.R.S., to the Owner. The Developer, if operating as a sole proprietor, hereby swears or affirms under penalty of perjury that the Developer (i) is a citizen of the United States or legal permanent resident or otherwise lawfully present in the United States pursuant to federal law, (ii) shall comply with the provisions of Section 24-76.5-101 *et seq.*, C.R.S., and (iii) shall produce one of the forms of identification required by Section 24-76.5-103, C.R.S., prior to the performance of any of its other obligations hereunder.

Section 12. Indemnification; No Waiver of Liability. Developer shall indemnify, save, and hold harmless the Owner, its employees and agents, against any and all claims, damages, liability and court awards including costs, expenses, and attorney fees and related costs, incurred as a result of any act or omission by Developer, or its employees, agents, subcontractors, or assignees pursuant to the terms of this Agreement. As part of this obligation, the Developer shall compensate the Owner for the time, if any, spent by its legal counsel in connection with such claims or actions. If any document contains any provisions purporting to require the Owner to defend, indemnify, or hold harmless the Developer or purporting to effect a waiver or limitation of the Developer's liability (either by type of liability or amount), the Owner does not agree or accept such provisions and such provisions are not part of the Agreement. The Owner is relying on, and does not waive or intend to waive by any provision of this Agreement, the monetary limitations or any other rights, immunities, defenses and protections provided by the CGIA or otherwise available to the Owner or its officers or employees.
